DESCRIPTION

One day before to make our excursion our tour guide will come at your hotel to give you the briefing and the map route.

At 09:00 am our staff will come at your hotel to drive you in direction to Cusco's north seeing in route as to change the landscapes until our arrival to **CHINCHERO (3750 meters)** located to 28 km from Cusco's city, here our guide is going to give your downhill equipment as GT bike, helmet, gloves and our comfortable box lunch, after that, we are going to go down

the route shows us **HUAYPO small lake (3500 meters)** located to 33 km of Cusco, a paradise place with an unique wildlife in birds, flora, this part is a plateau where the peasants still cultivate andean cereals as quinoa, quiwicha, barley, potatoes, from here will look

HUAROCONDO (3200 meters) the folkloric capital of Cusco where every June 16th celebrates the feast of Carmen Virgen this place will have a break and repair our box lunch and then continue the descent down the barrel of Huarcoondo which connects us to the Sacred Valley of the Incas, arriving at Pachar (2792 feet) will be our mobility will bring us back to Cusco.
