Itinerary

To start this tour will come to their hotels to hours 08:00 am where we will board a bus heading towards the town of Chinchero, in the way we see large eucalyptus plantations, fields, potatoes, beans, quinoa, our landscape is so up to **CHINCHERO (3750 feet.)** to 28 km from the city of Cuzco, now known today as the land of the Rainbow, characterized by the typical dress and the famous braided hair that women still practice where every Sunday come together in workshops tissue teaching every visitor techniques of washing, dyeing, spinning your clothes, you can also see buildings dating from the Inca-colonial era.

Our tour did not end there Andean highlands and head to **MORAY (3500 feet.)** 53 km from the city of Cusco where the largest center of acclimatization of wild plants Inca period, which was designed to take advantage of natural depressions Inca engineers here demonstrated his great knowledge in hydraulics, drainage, water channels, etc.

Maras (3480 feet), Inca-colonial another town where you can see the gates of the century colonial houses XVII.

SALINERAS (3400 feet.)

A long distance can be seen as a series of terraces in miniature, in Inca times was considered a sacred place because according to the Andean religion was related to the summer solstice, at the present day are still practiced rituals of payment to the Pacha Mama as a place full of energy, the

production of salt continues from ancient times through the vaporization of their wells and community work.
